THOS. DUNNE MEETS DEATH IN
OPEN HEARTH MILL YARD
EARLY FRIDAY MORNING.

Thomas Dunne of 34 Miramar avenue, San Francisco, a laborer at the Pacific Coast Steel Mill, was killed by the Southern Pacific switch engine in the open hearth mill yard at 2:40 o'clock Friday morning.

Just how the accident happened is not known, as the man's body was discovered by the switch crew when they were uncoupling a string of cars. His body was cut in two and frightfully mangled.

Dunne was 58 years of age and leaves a widow in San Francisco. The body was removed to the undertaking parlors of Wellar A. Stead here.

LOCAL MAN HOLDS NATION'S AGE RECORD

JUDGE E. E. CUNNINGHAM HAS
DISTINCTION OF BEING OLDEST
"FOUR-MINUTE MAN" IN THE
UNITED STATES.

Judge E. E. Cunningham of this city claims the distinction of being the oldest "Four-Minute Man" in the service of the United States.

This developed following an article which appeared in the official bulletin of the "Four-Minute Men," in which claim for the distinction was made by one of the members of the organization in his sixty-eighth year.

Judge Cunningham was born in 1839, so that he tops the record of the former claimant by twelve years.

Judge Cunningham has spent nearly twenty-seven years in South San Francisco, and was the founder and first editor of The Enterprise, a position which he filled for fourteen years.

He has had a varied and spectacular career previous to his settling here. He joined the Pike's Peak gold rush in 1860, served through the Civil War in the Nebraska Cavalry and Missouri Infantry, and was elected to two terms as State Senator from the First Senatorial District of Nebraska.

In 1871 President Grant appointed him Surveyor-General of Nebraska and Iowa, from which position he resigned in 1876.

He located in South San Francisco in 1892, where he was postmaster for twenty-four years, and during fourteen years of that time was Justice of the Peace.

From July 4, 1917, to March, 1918, he acted as chairman of the San Mateo County Exemption Board, resigning because of ill health.

P. Flynn, for Assessor; M. Sheehan, for Sheriff; John W. Coats, for Auditor; Dr. Brooke, for Coroner; Jos. H. Nash, for County Clerk; Jos. H. Bullock, for District Attorney.

HORACE W. AMPHLETT VISITS SOUTH SAN FRANCISCO

Horace W. Amphetlett, editor of the San Mateo Times, was a visitor at the Enterprise office on Saturday.

Kenneth M. Green, on the Eve of His Departure for France, Pleads for Fair Play

Kenneth M. Green, San Mateo attorney, previous to his departure for France, submitted to the Enterprise a signed letter with the request for publication.

Kenneth Green was a candidate for the office of District Attorney eight years ago when Franklin K. Swart was first elected. Green's letter is a scathing denunciation of the editorial which appeared in the San Mateo Daily News on August 10, under the caption "Lest the Public Forget," in which an attempt was made to hold the present District Attorney responsible for an alleged gambling condition in the north end of the county.

The letter, coming from a man like Kenneth Green, who has left for the front and who has no interest other than to see justice done, contains some illuminating history of former days and conditions in San Mateo county, and will be read with interest by the voters.

To the Editor of the South San Francisco Enterprise:

Dear Sir—My attention has lately been called to an editorial that appeared in the issue of the San Mateo County News of Saturday, August 10, 1918.

That editorial, which is entitled "Lest the Public Forget," attempts to discuss the alleged gambling situation in San Mateo county and to define the attitude not only of the San Mateo News thereto, but also the attitudes of the respective candidates for District Attorney—Franklin Swart, the incumbent, and Joseph J. Bullock, his opponent.

Regarding what the editor of the News has to say respecting the alleged attempt on the part of the so-called gambling interests to buy him off, I can only say that I know him to be incorruptible, and I know that everybody else knows it, and that I know of my own knowledge that no bona fide offer of fifty dollars per month, or any other sum, ever came from any gambling interests to this editor.

But regarding what he says under the sub-title "What Has Happened in Eight Years," I feel bound in a spirit of fairness to take issue with him.

Fortunately (or unfortunately, depending on the point of view), my memory goes back further than eight years ago, and in order that the public may not be misled by the News editor's obvious inference that the situation that he so deeply deplores has its beginning with the assumption of the District Attorney's office by Mr. Swart, I crave your indulgence while I briefly review what took place before that time and make a few pointed and interesting comparisons.

But before I do so, let me say a few words about myself in order that your readers may not doubt my ability to discuss this question with veracity.

It is probably enough to say about myself that I have resided in San Mateo county for eighteen years and have been a candidate for District Attorney myself, having defeated Mr. Bullock for that office in 1910, when he was concluding his third term as such, at which time Mr. Swart was first elected. Since then I have been a close student of public affairs in this county, and feel qualified to discuss this question authoritatively.

This leads me to the part of my letter which I particularly want to call to the public's attention, namely: the condition of our county during Mr. Bullock's administration of the District Attorney's office contrasted with what it is today.

Well, indeed, can I remember when conditions in the north end of this

county were as the editor of the News would have his readers believe they now are. Well can I remember when that locality was infested with "places of questionable repute"; when sure-thing and bunco men thrived there unmolested; when open gambling houses, where the poor man could lose his hard-earned and needed wages without a chance to win, flourished in plain sight of passengers on the suburban cars; when houses existed where smooth-spoken thugs and accomplished female vampires separated the guileless from their money by cajolery and device, or, if such tactics failed, did not hesitate to drug and "roll" their victims with the sublimity of impunity; when crime was common and criminals waxed fat, secure in the protection which they obtained by some mysterious force, and when the San Francisco papers did "attract the public attention by flaring headlines" to the situation in San Mateo county until such stories became too common to even claim the attention of the Examiner.

During Mr. Bullock's entire administration he took no steps to eliminate these evils; no wonder the long-suffering public took the case into its own hands and forcibly removed Mr. Bullock.

Such was the situation in the north end of San Mateo county during the administration of the District Attorney's office by the "efficient" Mr. Bullock, as the News so candidly "dubs" him.

And it should be specially remembered that the condition which is briefly but accurately stated above existed prior to the incorporation of Daly City, and when the whole north end was exclusively under the control of the District Attorney.

Such, then, was the situation in the north end under Mr. Bullock. Let us look at it today.

Daly City now exists as an independent municipality, with its own court and its own police, perfectly capable of handling any infractions of the law within its limits, even as San Mateo handled the Chinese gambling situation without interference from the county authorities.

Visitation Valley and Colma and the cemetery district which were the haunts of the crooks and cheats during Bullock's administration, are not incorporated, but are still county territory and policed only by the county and township officials.

It is perhaps interesting to remember that every one of these sure-thing men, when prosecuted and driven out by Mr. Swart, was defended bitterly but unsuccessfully by Mr. Bullock.

All this district from the county line to Holy Cross is constantly under the observation of the citizens of this county, who travel to and from San Francisco by the highway or the electric cars. Do conditions such as I have pictured exist there now? Your answer must again be no. The sole object of the attacks of the News is the "Northern."

The editor of the News writes of the connection of Mr. John Marchbank with some wicked gambling institution in Daly City such as the "Northern." I have known "Jack" Marchbank personally a great many years. I am proud to call him my friend. I know him to be a big-hearted, clean, charitable man, whose word is his bond and whose kindness and loyalty to his friends is well known. I resent the efforts of the San Mateo News to do politics for Mr. Bullock by attacking or abusing Mr. Marchbank. I know of my own knowledge that he is not connected with or interested in any gambling house known as the "Northern" or any

other place of such character. The only institution in Daly City in which Jack Marchbank has any interest is the Daly City Auto Club, which is a small private, incorporated club, open to bona fide members and their guests alone. Such clubs exist in many communities adjoining large cities. Perhaps there has been a little sport there at times among its members; I do not know. Many people believe in and indulge in a little sport among themselves and their friends, and if it ever did exist in this club among its members and their guests I sincerely believe it was fair sport, open and above board, the blackmailing claim of one, Caille, notwithstanding. Such sport is not contrary to law and is tolerated in every community. The News editorial was undoubtedly inspired if not written by Mr. Bullock, for the purpose of obtaining votes.

It is an open insult to and attack upon the officials and the people of Daly City. It is unbelievable that the police officers of Daly City would permit the operation of such a gambling den as described by the News, or that the respectable people of Daly City would support or tolerate such an institution.

My experience with the people of Daly City convinces me that they are law-abiding and public-spirited and that they will deeply resent the aspersion cast by the News and by Mr. Bullock upon their fair names.

Lastly, let me attack the weakest spot in the News editor's argument. He writes that he knows Bullock is efficient and believes that he will close the "Northern," and that "the best indication of that is the fact that the biggest men in San Mateo county who went after the gamblers and are determined to wipe them out are supporting the candidacy of Joseph J. Bullock." I would like to ask who these men are? I happen to know of my own knowledge that the only persons who stirred up the agitation against the so-called "Northern" in 1916 were the editor of the News himself, with the advice of Joseph J. Bullock, who was even then an avowed candidate for District Attorney. I also happen to know that no proof that gambling ever existed there was presented to the grand jury by them or by the San Francisco Examiner, nor is such in their possession now. And I might add that if they have the proof, there is nothing to prevent their starting a prosecution. And I happen to know that Judge Buck was deceived into interesting himself in the situation by some well-meaning though misinformed persons, and who, when called upon for proof, had none to offer. It is needless for me to say that it is obvious that Bullock's activity was actuated by political ambition alone.

It was conceded that this was one of the best grand juries the county has ever had and is significant that after making a careful investigation into the Northern, that they are almost to a man opposing the candidacy of Joseph J. Bullock.

In conclusion let me ask, why does the editor of the News merely believe that Bullock will do what he says Swart has not done? Why does he not know? It is possible that he has some doubt of Mr. Bullock's sincerity? And if so, can it be possible that that doubt in his mind is due to the fact that "Kid" Sullivan, king of pickpockets, and Jerome Bassity, deposed czar of the San Francisco tenderloin, and others of the same type who blossomed and prospered during Bullock's former regime, are most active throughout San Mateo county,

DRAFT DODGER MAKES THREE ESCAPES

MILTON LIVERMORE, REGISTERED
FROM SOUTH SAN FRANCISCO,
LEADS AUTHORITIES A MERRY
CHASE.

Milton Livermore, South San Francisco draft dodger, is certainly well named for he is as elusive as the "Artful Dodger" made famous by Dickens.

Livermore registered for the draft from this city and then failed to report. The authorities were notified, machinery put in motion, and about a week ago he was arrested by the Sheriff's office and turned over to the San Mateo County Exemption Board, charged with willful desertion.

He escaped from draft headquarters of the board, only to be captured later by Chief of Police Burke of San Mateo and Constable Flynn, who turned him over to the military police at Camp Fremont.

Livermore eluded their vigilance, escaped from the provost guard and was again clear, only to be caught by Chief of Police Coleman of Redwood City near a Japanese nursery on the outskirts of Redwood. He is being carefully watched at Camp Fremont.

METROPOLITAN GRILL TO REOPEN SUNDAY

LUNCH COUNTER INSTALLED;
PROPRIETORS HAVE LONG EXPERIENCE IN CULINARY ART
AND DINING ROOM SERVICE.

The Metropolitan Grill will reopen its doors for dinner service on Sunday noon, under the capable management of Miss Mae Kohlman and Mrs. Marie Armstrong, who come equipped with experience, plus, in the restaurant and bakery business to cater to the crying needs of the "inner man," and woman, of South San Francisco.

Doughnuts like mother used to make will be the magnet to draw the man who wants only a "snack" to the lunch counter, which will be installed as a new innovation of the Metropolitan.

Spotlessly clean, with a newly built vestibule to prevent draughts, short orders all day, a regular lunch at noon and dinner at night, the service and culinary attainments of the Metropolitan Grill under the new management will offer every attraction to those who appreciate meals in comfort, clean and well served.

Lunches will be put up for those who wish to take advantage of this plan.

SAN BRUNO NOTES

The Epworth League "open house," held in the parlor of the M. E. Church Wednesday evening, was a very enjoyable affair, with a good crowd of young people present. A feature was the installation of the newly elected officers of the league, also games, vocal solos rendered by some of the visiting leaguers and refreshments. The young people expect to make "open house" one feature of their future endeavors.

Miss Emerick is a forceful speaker and her subject, "How National Prohibition Will Win the War," promises to be one of especial interest at this time.

I have made it a matter of principle through life never to speak ill of a professional or political opponent.

In the campaign now about to close, I am particularly gratified by the fact that neither from my campaign headquarters, nor in any of my political literature, has there been any unkind mention of the opposing candidate.

It is with just pride that I call your attention to the fact that my candidacy has been endorsed by San Mateo county's leading citizens who are in a position to know best the qualifications of the opposing candidates. SERVICE FLAG FOR CITY IS ASSURED

N. A. BECKER RAISES ONE HUNDRED DOLLARS IN FOUR HOURS IN ONE DOLLAR SUBSCRIPTIONS

A TWO-HOUR VISIT TO THE BADEN STOCK FARM AND DAIRY

Each of us is welcome to his or her conclusions. One of my conclusions is that for the next fifty years the man who owns a dairy ranch, and knows how to work it, will enjoy better health and sleep better nights and live longer, and so will his wife and children, than the fat and purple plutocrat who owns stocks and bonds and dyspepsia. I came to this conclusion after a visit to the Baden Stock Farm.

After that little journey, 'way back in my 'innards came a feeling that I wanted to be a dairy rancher, for I saw many soft-eyed, contented bovines that you feel you would be glad to know and associate with daily.

Behind the herds of blooded Guernseys, from the Isle of Guernsey, and the Holsteins roaming the ranch, there are business brains. To place upon your table cream for your coffee and cereal, milk for the baby, there must be a magnitude of machinery, brains and system. The individual figures were reeled off until my head was full and brimming over with arithmetic. I can't remember them all, but the total investment was soaring around one-sixth of a million dollars, if my memory serves at all.

It is easy to understand, too. Here are 700 acres of land, hundreds of selected dairy cows, prize bulls with names fitting a fairy prince. One of them, "Brownie" declares, is the highest priced bull in California. A king's ransom he is valued at, and looks to be worth it as he paws the earth, tossing it high about him, in the sheer joy of his power and strength.

Ten thousand White Leghorn chickens, all of a size and pattern, have taken over a contract to deliver 200 dozen of eggs daily, and are doing the job beautifully.

Two silos filled with artichokes supply some of the food needs of the cattle. That didn't mean much to me, either, until I heard the cost of food in one of them bordered on \$10,000; three hundred and fifty tons of artichokes is what it contains.

A RIOT OF BEAUTY.

The hay and grain sheds look more like the warehouses of a dealer than the supply of a single ranch. Spotted here and there throughout the ranch are buildings wherein are whirling wheels, flying belts and long troughs, all dedicated to the better care and culture of cattle and poultry.

And if I had a dairy ranch I would have the front garden just as it is at the Baden Stock Farm—a riot of blooming plants, in all shades and colors, some of them well-nigh exotic.

But I would have no bees. They're busy things, I know, and lucrative, but they don't enjoy the company of humans. The German bee is the most ferocious, like his namesake.

Don't think I am believing something I don't know. Say, I'M UP ON BEES. Brownie told me all about them. The advantages of Italian bees over Black or Caucasian. He told me the life secrets of the Queen Bee, about cross-pollination of fruits and flowers, and other details, plus. But there should be a sign up "Beware of the Bee." It's scandalous to have a happy visitor stung just as he crosses the threshold of the land of Milk and Honey.

And there are pigs, too. Not many, but enough. I've a confession to make. I've always liked pigs. They're such useful animals without any false pride.

If you're fortunate enough to be a guest at the ranch home and have the Browns ply you with fried chicken, browned to an exhilaration of delight, and glasses of cooled rich milk to wash it down with, you will know why, as I said before, that 'way back in my 'innards there was a feeling I wanted to be a dairy farmer.

And oh, yes, don't forget to see the pigs.

The ranch is open from 7 to 7. Ask to be relieved of the lecture and demonstration of bee culture.

The products of the Baden Stock Farm are now marketed through the Severn Dairy at Burlingame.

Delicate pasteurizers, spotless floors, scalding vats, ice machines and every modern equipment which this progressive age has furnished for the betterment of health and purification of milk, are here installed. The man who advanced the theory that nature could not be improved on had never visited or had no knowledge of the Severn Dairy, for the appliances installed here have put mankind in their debt.

ASSESSOR FLYNN ENTITLED TO RE-ELECTION ON RECORD

The excellent record of Assessor D. P. Flynn during the two years he has fulfilled the duties of the important office of Assessor of San Mateo county, entitles him to re-election on August 27. Assessor Flynn has made an exceptionally good official, and his fair treatment of the property owners of the county is certain to be appreciated. The office of Assessor is one of vital concern to every taxpayer and property owner in the county, and the impartial and uniformly courteous manner in which the incumbent Assessor, D. P. Flynn, and his efficient staff have administered the affairs of their office should insure his re-election by a large majority.

The public realize the advantage of having a man thoroughly broken in to the work of the Assessor's office, and certainly are not likely to make a change and place a new man in charge of this important work. It is the policy of intelligent voters to return a man to office who has made good and served them faithfully and efficiently. Assessor Flynn is such a man and the voters of San Mateo county will undoubtedly show their appreciation of his services on Tuesday, August 27.

SAN MATEO COUNTY PRESERVATION LEAGUE STRONGLY ENDORSES FRANK L. EKSWARD

Representative Body Considers Assemblyman Eksward a Very Necessary Safeguard to Best Interests of San Mateo County—Voters Appealed to For Support.

The San Mateo County Preservation League, comprising representative citizens of all parts of the county who have worked unselfishly for the best interests of San Mateo County for many years, has appealed to the voters of the county to support the candidacy of Frank L. Eksward, who seeks re-election at the August Primary. Eksward has worked in harmony with the League in all its work for San Mateo County and through his incessant work many bills, sponsored by the Preservation League, were adopted by the State Legislature.

Assemblyman Eksward is so familiar with the requirements of the county and so in touch with the progress of the work in the legislature, that the League considers it a necessary safeguard to the best interests of San Mateo County to return him to the office which he has filled so faithfully and well. A man not in sympathy with the work of the San Mateo County Preservation League, could do a vast amount of harm to the district if sent to the Legislature as its representative and therefore it is vital to the welfare of our county to return Eksward, a man who has made good, to carry on the work he has so successfully started.

The appeal of the San Mateo County Preservation League to the voters of the county follows:

TO THE VOTERS OF SAN MATEO COUNTY:

Two years ago you were confronted with an attempt to unconditionally annex San Mateo County to San Francisco. Through the efforts of our Assemblyman, Frank L. Eksward, there was secured, by unanimous consent of the Legislature, the submission of a Constitutional Amendment assuring the perpetuation of local self-government in event of annexation to San Francisco. This measure was actively opposed by Mr. Eksward's present opponent.

The San Maateo County Preservation League stands firmly behind this Amendment, which will come up before the voters at the November election, and in furtherance of the safeguards so to be guaranteed it, urges the return of Mr. Eksward to the Legislature.

We ask that you vote for Eksward for Assemblyman, and elect him at the Primary on August 27th.

Respectfully yours,

Our Service Flag

Through the enthusiasm and effort of one loyal citizen the service flag which The Enterprise has repeatedly urged for the city has been made possible. True to past performances, generous South San Francisco responded immediately to the appeal and one hundred dollars was raised in four hours, in contributions of one dollar each.

This service flag will be no mean piece of fabric—no mere cloth woven by human hands. It will be more; a living thing, pulsing with the tribute to "our boys," and flying to the breeze in admiration and respect for their valor. Its every flutter will be a benediction upon the men who are in camp and battlefield, where honor and justice are ready, and striking their blows, for the cause of humanity.

Its flapping will be a voice to remind us constantly of those ready to make the supreme sacrifice for justice and righteousness.

It will represent the valor and faith of America's sons from South San Francisco. Its every fibre will remind us of those who are there along the war-smitten fields of France.

Our citizens should revere it as an emblem of the contribution of South San Francisco's finest young manhood to freedom.

Johnson, for Congress

San Mateo county, which knows the record of Senator M. B. Johnson, should support his candidacy to represent the people of the Eighth Congressional District in the Congress of the United States.

His record in the State Legislature has demonstrated his fitness and ability, and is a forerunner of the energy and astuteness which he will bring to the larger questions in the Congress.

Senator Johnson's Republicanism is based on lines sufficiently broad to insure full non-partisan support of the war measures of the administration, and to assist ably in the furtherance of the policies of the government which will tend to a speedy termination of the world holocaust.

The Republican press, in some of the strongest Republican districts, speak with strong disapproval of the candidacy of E. A. Hayes, claiming that although his past services are entitled to appreciation, his war record entitles him only to retirement to private life.

While the voters may respect the tenderness of conscience which caused him to shrink from war, they will be likely at the primaries to decide that Congress is no place for such a man at this time.

They will vindicate their patriotism by nominating M. B. Johnson.

The platform of Senator M. B. Johnson, in which he pledges development of the coast counties from San Mateo to Ventura, is deservedly winning him votes.

Senator Johnson spells "politics" with a small "p" and "Service" with a capital "s."

The Fourth Liberty Loan

The biggest financial achievements of a nation accustomed to big finances, the first three Liberty Loans, are to be eclipsed by the Fourth Liberty Loan. The coming loan will be at least twice as large as the Third Loan, and perhaps larger—dependent upon whether it is finally decided to call for six or for eight BILLION DOLLARS.

It is for statisticians and economists to enlarge upon the extent to which individuals have responded to their country's call and to set forth to what extent history's greatest war chest was furnished by present and what by future generations and to dilate upon direct tax levies and bonded indebtedness.

We, the general patriotic American, only know that SIX or EIGHT BILLION DOLLARS is needed and that we will raise it.

Germany's people, faltering at home as their soldiers are faltering beneath Foch's blows in the field, only raised enough in their last loan, we are told, to pay interest on previous war levies. Turkey's last feeble effort before she quit the Central Powers was to raise twelve MILLION dollars of a proposed \$32,000,000 loan.

America, summoning its latent financial strength for a task unprecedented in history, will answer with confidence to the call from Washington for whatever sum is set at this time.

Real sacrifice of many comforts will be the means by which many American families will swell their purchase of Fourth Liberty Loan Bonds.

TREND OF VOTE TURNS TO KNEESE

POPULAR CITY ENGINEER WILL BE GIVEN RECOGNITION OF ABILITY AT THE POLLS ON TUESDAY.

South San Francisco, Daly City and San Bruno are justly proud of their municipal improvements in the way of streets, sidewalks and sewer systems. They are admitted to be as nearly model as engineering can make them. They were laid out by George W. Kneese, City Engineer of these, who is now a candidate for County Surveyor, and the municipal improvements installed under his direction are silent witnesses to his efficiency. Indications point that he is growing in popularity among the voters and that they realize his record justifies their unquestioned support. Geo. Kneese is of the caliber who would make an unusually able County Surveyor; the voters realize it and will so indicate the polls next Tuesday.

REFUTED

We, the undersigned, Mr. and Mrs. Franklin Swart, called on Judge Buck in his chambers on Wednesday morning, August 21, and showed him a copy of the San Mateo News of August 20 containing purported statement of Judge Buck as to how he was going to vote for District Attorney, a copy of which purported statement was also sent out by Mr. Bullock by mail as his argument for being elected. Judge Buck then and there stated that he had made no such statement and had made no statement whatever; that he had told no one how he was going to vote, and was taking absolutely no part in the District Attorney's fight. OLD-TIME RESIDENT SEEKS JUSTICE OF PEACE OFFICE

Judge J. J. Dowd, candidate for Justice of the Peace in the First Township, is one of South San Francisco's pioneer business men, having been established here more than a quarter century. Dowd is now City Recorder.

Miss Marjorie Pava,

Chief operator,

Telephone Company,

South San Francisco.

My dear Marjorie:

Is there any truth

In the report

That a time limit

Will be put

On telephone calls?

I hope there is,

For the other evening

I was trying to use

A party line.

Every time

I made an effort

To get the operator

Some one was telling

Some one else

About "How terrible

Was price of meat,

And vegetables,

And everything,"

And wondering "Whether

Mary was married,

Or going to be."

And "How the flivver

Broke down on Sunday

And wouldn't fliv."

And how "John swore."

And I didn't blame him.

"And there's some one

On the line,

And it's just horrid."

After having made

Four futile attempts

To call a "party"

On important business,

I took a chance,

And a street car,

Only to find

That the "party"

Was at the movies

With some one else.

And I want to ask

Won't it be nice

When Central cuts off

Long-winded talkers,

And sweetly says,

"Number, please;

Thrr-r-ee, thrr-r-ee, one,

Thank you."

And I can attend

To important business

And explain why

I didn't keep

The other date.

Oh, boy,

Won't that be great?

I THANK YOU.

Those whose service flags bear a star of gold will not be inclined to sympathize deeply with those who complain at slight economies in the interest of war funds.

Those who stay at home can make no sacrifice comparable with that which those who go on board ship for overseas duty may be called upon to make at any moment.

KENNETH M. GREEN

(Continued from page 1.)

after dark, in his behalf? Surely, it cannot be possible that this participation is unknown to the well-informed editor of a daily newspaper? It is not unknown to me. The very arguments that are being used by all this class of men who are all supporting Bullock, that if he is elected that everything and anything will go; and let me say that I cannot understand the puzzling attitude of the editor of the News, long and well though I have known him. He complains of an alleged condition of affairs in the Northend which does not exist there, and, as a cure therefore, urges the re-election of Joseph J. Bullock, the very man who, during his incumbency of the district attorney's office, not only winked at but fairly fostered the things which the News editor now wishes to prevent.

I cannot follow his line of reasoning, and I wonder if his readers can and will be impressed thereby.

Finally let me say that I have no ulterior or selfish motive in writing this; no ax to grind. I am waiting orders from the Red Cross, and, when this is published, will probably be on my way to France, where my brothers are also bound.

I am writing this letter only in the interest of fair play and in defense of my friend, and for my actions in a friend's behalf I offer no apology or excuse to any man.

Very sincerely yours,
(Signed) KENNETH M. GREEN.

M. E. CHURCH PASTOR ENLISTS AS PRIVATE

REV. MR. DANIEL STEVENS WILL RELINQUISH HIS CHURCH WORK TO CARRY A RIFLE.

The Rev. Daniel Stevens, pastor of St. Paul's M. E. Church, has enlisted as a private in the National Guard and is awaiting being called to the colors. Indications point that he will not be enrolled into actual service until after the completion of his church year on September 18.

Mr. Stevens enlisted at a patriotic rally held in San Francisco on Thursday night, when volunteers were called for.

The young clergyman has been constantly turning in his mind whether his greater duty lay to his church and congregation or his country, and the urge of patriotism gained the ascendancy.

Since his coming here less than a year ago Mr. Stevens has taken an active part in the betterment of conditions in the community, and has filled his charge faithfully and well. His parishioners recently passed a unanimous resolution asking that he be returned to this city next year.

HIGH SCHOOL OPENS; 55 ENROLLMENTS

Romping children on their way to Grammar School and the more dignified High School students are once more in evidence on the streets, for the schools opened on Monday last after a ten weeks' vacation.

Notwithstanding the fact that a goodly number of prospective High School students have been attracted to the local industries by the lure of present high wages, the attendance this year is about on a par with that of last, fifty-five students having enrolled at the High School.

The teachers are the same as last year with the addition of Miss Reid, who has been appointed at the Grammar School.

MRS. BRADY WOLFE IS LIBERTY LOAN CHAIRMAN

Mrs. John L. McGinn, appointed San Mateo county chairman of the Woman's National Liberty Loan Committee, has selected Mrs. Brady Wolfe of South San Francisco as chairman of this district. Mrs. Wolfe's tact, ability and untiring energy in war work was made the basis for the choice.

Proceeds of the dance will be given to the American Red Cross Society War Fund.

Members of the Red Cross Society will wear the cap and uniform of the order.

RUNAWAY BOYS CAUGHT.

Four runaway boys from San Francisco were arrested in Redwood City on Wednesday by Deputy Sheriffs H. W. Lampkin and T. C. McGovern and returned to their homes. They are Elmer Butler, aged 12, 212 Ripley street; Santa Piazzi, 13, 3228 Harrison street; William Harrington, 12, and Eddie Harrington, 9, both of 3233 Harrison street.

HELD ON SERIOUS CHARGE.

Mario Bonfanti, a Halfmoon Bay farmer, was held in the County Jail at Redwood City on Wednesday, with bail fixed at \$2000 following his arrest at Moss Beach on charges of having attacked Mrs. Irene Pellegrini. He was held to the Superior Court by Justice John Pitcher of Halfmoon Bay.

Mrs. Pellegrini is the wife of a farmer whose property lies adjacent to that of Bonfanti. Bonfanti denies the charge and intimates that he is the victim of a new type of "badger" game.

GREWSOME FIND MADE BY SECTION HAND

Effort is being made to identify a skeleton, part of which was buried in an upright position, that was discovered recently in Green canyon, two miles north of Moss Beach, by a railroad section hand. The head of the skeleton protruded above ground on a small bluff that had been caving in.

SHIPYARDS DRAW MEN; WOMEN TO CARRY MAIL

"Strong girls wanted for letter carriers; between 18 and 45." That is the call for help which Postmaster J. C. Beard of Burlingame has sent out. The war has called out Beard's male carriers and boy labor is busy in the shipyards packing rivets and otherwise aiding in chasing the Kaiser off the map. Youngsters ranging in age from 12 to 18 are drawing men's wages in South San Francisco plants and other shipyards. Beard must rely on women.

SOLDIER RUNS OFF WITH CAR; IS RELEASED

David D. Fish, a private in Company A, Twelfth Infantry, Camp Fremont, who ran away with Patterson's auto, is out of jail today because Constable S. A. Landini of Daly City is human around the heart and because Henry R. Patterson, a San Francisco jitney driver, thought it just as well he did not file a "charge against the boy, as he's a soldier and probably took the car for fun."

SOCIAL SERVICE COMMISSION TO ENLARGE ITS SCOPE

Applications for appropriations amounting to \$30,000 and a suggestion that it be given charge of dependent children coming under the care of the Juvenile Court were made by the Social Service Commission to the San Mateo County Supervisors Monday. The Commission will require \$20,000 to carry on its regular relief work during the coming year and two other appropriations of \$5000 each were requested by the women workers.

MRS. JUDITH MONAHAN BURIED LAST MONDAY

Funeral services were held Monday for a pioneer woman of San Mateo county, Mrs. Judith Monahan, wife of the late John Monahan, formerly Supervisor of the Third Township and mother of Mrs. Edward F. Fitzpatrick of Redwood City. Mrs. Monahan, who died a few days ago in San Francisco, was 87 years old and had resided in San Mateo county for upward of sixty years.

WIFE HAS AFFINITY, IS CLAIM OF SERGEANT

In a divorce suit filed at Redwood City on Wednesday Sergeant Walter H. Jones accuses his wife, Marie Anna Jones, of having an affinity in one Claude Zeigler. According to Sergeant Jones' complaint, his wife and Zeigler occupied the same apartment at the Entrance Hotel, 2167 Chestnut street, San Francisco, on numerous occasions. He says that his wife is not a fit person to have the custody of their only child, Dorothy, 1 year and 5 months old, and asks that the child be given to him. William Gilroy and Kirkbride & Gordon are attorneys for the plaintiff.

GOV. STEPHENS MAKES GOOD APPOINTMENTS

No critic has ventured to complain about the character of men Governor Stephens has appointed to office. They have uniformly been high-grade men. The appointing of Wilbur to the Supreme bench, Nourse to the Superior bench in San Francisco, Cashin in Fresno county, Avery, Valentine and Weller in Los Angeles and Marsh in San Diego are examples of the kind of men in whom the Governor reposes his faith. There is no better way to judge an executive than by the appointments he makes, and Stephens' record in this particular justifies highest commendation.

Charles F. Stern, the Highway Commissioner, has written for the Sacramento Bee, Fresno Republican and other papers a statement advocating the election of Governor Stephens that is bringing forth the highest praise on every hand. It is a frank discussion of the Governor's sturdy, forthright character and of his efficiency as an administrator. Mr. Stern pronounces Stephens to be the one steady, safe man in all the field of candidates who is fitted to direct the ship of state through the difficult days that lie ahead.

The land settlement act, which became a law because of Governor Stephens' activities in its behalf, is a milestone in progressive legislation. It opens opportunity for the man of small means to acquire a farm. The attention of the National Government has been attracted to the project, and a representative of the State Government has recently been summoned to Washington to furnish information regarding it.

CAR BANDIT KILLED BY PRISON GUARD

FAMOUS CRIMINAL WHO ESCAPED FROM COUNTY JAIL FOLLOWING SOUTH S. F. HOLD-UP MEETS DEATH IN NORTH.

Louis Coynt, alias Fred (Tiger) Johnson, who escaped from the San Mateo County Jail a few years ago while being held for the hold-up of a street car near South San Francisco, has been shot to death while trying to escape from the Washington State Prison.

Coynt was well known to the police of the bay cities, and was one of the most desperate criminals ever known here. After holding up a street car between South San Francisco and the cemeteries a few years ago, he made good his escape, but was subsequently captured by the Federal authorities in Suro Forest, San Francisco, where he had established a cache and counterfeiting plant. He was positively identified as the South San Francisco highwayman, and while being held in the San Mateo County Jail awaiting trial escaped by sawing the bars of his cell.

He was later captured at Spokane, Wash., in a running fight with the police after staging several hold-ups. Later he tried to escape from jail by swimming a river, but was captured after being wounded by one of his pursuers.

The dispatch from the north telling of his death follows:

Walla Walla (Wash.), August 20.—Fred ("Tiger") Johnson, the most desperate convict ever known in Washington, was instantly killed about noon by John Davison, one of the oldest guards at the State Penitentiary here.

Johnson and John Vandell, who killed State Labor Commissioner E. W. Olsen, were confined in the isolation ward. They had broken their "Oregon boots" and were trying to get out. Johnson, who almost killed a guard four months ago, refused to halt and was shot through the heart. He had committed murders in Alaska, California and Washington and had tried to kill a guard in court at Spokane.

A PIONEER PASSES

GEORGE W. DICKIE, BUILDER OF
 BATTLESHIP "OREGON," DIES
 SUDDENLY IN OAKLAND.

George W. Dickie of San Mateo, one of the county's best-known architects and famous as the builder of the battleship "Oregon," died suddenly in Oakland early on Saturday morning. Although he was 74 years old, he enjoyed a rugged constitution, and his death came as a great shock to the members of his family and a wide circle of friends.

George William Dickie was beyond doubt San Mateo's most noted citizen. He was born in Arbroath, Scotland, July 17, 1844, the son of William and Jane Watson Dickie. He was educated at Tay Port, Fife, Scotland, until 1860, and then learned the engineering business with the Northern British Railroad Company and in his father's shipyard.

He was chief engineer and manager of the Union Iron Works from 1883 to 1905, during which time he built the famous old battleship "Oregon."

Mr. Dickie was married twice. His first wife died many years ago in San Mateo. He is survived by his widow, five sons and a daughter—William Dickie, Alec Dickie, George W. Dickie Jr., James S. Dickie, Frederick M. Dickie and Miss Anna Dickie.

FIRST TOWNSHIP TO RE-ELECT LANDINI

The minor county offices should be as carefully selected as the more important ones, particularly those having a direct bearing on the law and order of the community.

Among the officers of the First Township, none is more deserving of recognition than S. Landini, candidate for Constable. His re-election is an assured fact and is well deserved through fearless and conscientious attention to his duties.

He has earned and will probably secure the heaviest vote for the office of Constable of any candidate in the field.

Constable J. C. Wallace will also be returned if the pre-election expression of the voters is a true indication.

MOTOR MAGAZINE PRAISES COUNTY

"SEAL OF APPROVAL" PLACED AS
 A SITE FOR MANUFACTURING,
 SAYS "CALIFORNIA MOTORIST."

In its August issue the "California Motorist" had a comprehensive article on San Mateo county, from which the following excerpts are taken:

San Mateo county, with a population of 50,000, ranks in development circles as one of the most progressive counties in the State. Millions of dollars have been expended on streets and highways, and today San Mateo county is reaping the benefits of the constructive road-building policy carried to a successful conclusion through the untiring efforts of the Board of Supervisors, assisted by the San Mateo County Development Association and leading citizens of the community. A perfect chain of highways enhances the natural beauties, making San Mateo county's good roads a household word throughout the land.

San Mateo county's 447 square miles, favored by the eternal sunshine, washed on either shore by the ocean and bay, blessed by water-shedding mountains with fertile valleys, heavily wooded forests with game, and well supplied with countless streams, capped with a chain of lakes gigantic in volume—San Francisco's principal water supply—all go to make up a domain which is the envy of other communities.

The seal of approval has already been placed on the county as a seat for manufactories, some of the largest industrial enterprises on the Pacific Coast being located here. At South San Francisco are the plants of the famed Schaw-Batcher Shipbuilding Company, Pacific Coast Steel Company, Western Meat Company, Moran Packing Company, W. P. Fuller Paint Company, Pacific Car and Equipment Company, American Marble and Mosaic Company, Prest-O-Lite Company, Union Stock Yards, etc.

It will make your friends wonder how you get that nice, rich, savory crust they somehow cannot bake. Be generous. Give them the secret. Tell them about Califene, the new shortening that makes every baking day cheerful. Be sure they remember the name Califene, made in South San Francisco and sold everywhere in California.

TO THE VOTERS.

I desire to take this opportunity of calling your attention to my candidacy for the position of Constable. Since being elected Constable I have tried to do my duty faithfully and have endeavored, to the best of my ability, to live up to my word given during the last campaign. I have lived in South San Francisco, San Mateo county, close to nineteen years and believe that my past record will stand the closest scrutiny. If elected I will endeavor to fill the position of Constable with integrity and serve the people and voters of the First Township with every courtesy and will stand ready at any and all times when called upon to respond to the duties of the office willingly and without favor. I take this chance of thanking you for your strong support in the past and I only hope I will be favored by your support next Tuesday when you go to the polls.

Very truly yours,
JAMES C. WALLACE,
Constable.
